Landon Avenue Fire Displaces One Person

The Red Cross is assisting one person displaced following a fire that occurred early this morning, Monday, May 10th, in the 1500 block of Landon Avenue.

Yakima Fire Department (YFD) firefighters were called to the scene at 12:41 am this morning and found a single-story residence on fire. No one was home at the time of the fire. No injuries were reported.

Five engines, a truck company and a Battalion Chief responded to extinguish the fire. A total of 21 firefighters responded.

YFD's initial operations were hindered by downed power lines, but Pacific Power quickly responded to address the problem.

Damages are estimated at \$70,000.

The cause of the fire appears to be electrical.

The Yakima Training Center Fire Department assisted at the scene.

This was the third residential structure fire YFD extinguished in a span of about 36 hours. Click <https://yakimafire.com/structure-fires-result-in-three-injuries/> for a previous YFD news release about two fires that occurred Saturday afternoon, May 8th.
